

# SHOWER SHELVES

Shower shelves are a helpful addition to any bathroom. They give you a place to keep your shampoo, conditioner, soap, and razors for easy accessibility. We stock a variety of sizes and materials, so you can choose one that fits your bathroom's look and specific storage needs. They don't just keep your shower organized, but they can also add style to your bathroom.

Finish Honed

# INSTALLATION INSTRUCTIONS

## 1. SURFACE PREPARATION

All suitable surfaces being adhered to should be structurally sound and free of any substance that could prevent adhesion.

## 2. PLACEMENT & LEVELING

Place shelf in position and check for level and pitch.

## 3. MEASURING & CUTTING

Measure (or template) the shelf into position and cut an insert into wall backer board.

## 4. SETTING

Insert shelf into cut opening, adhere and seal around seams with silicone or caulking, install tile around, and finish with coordinating caulking around tile joints.

## 5. CLEANING

Clean adhesive, caulking and stabilizers as you go after setting and finishing.

## 6. CURING

Allow 24-48 hours for adhesive and caulking to cure before using or exposing to water.
